**Subject:** extension of time to live in RV

Hello,

We are writing this to request a six-month extension on time to live in our RV on our property at 175 Bridle Way, in the Highlands. We are working hard on completing our house but it is not ready to move into just yet. We anticipate it being done by one year so we will need a six-month extension. Thank you for your consideration of this request.

Paul and Cathy Tibert
