

RULES AND REGULATIONS -- USE OF CLUB PROPERTY

WORKSHOP USE

Members in good standing are eligible to use the Workshop once they have executed a "Statement of Responsibility Agreement" (Form CP14) with the Club; copies of the agreement are available at the office or on the website.

Members need to be experienced and familiar with the hand and power tools available in the Workshop. Members must agree to not permit unauthorized persons, including immediate family, to operate any of the tools. Only those members who have signed the "Statement of Responsibility Agreement" (Form CP14) are authorized to operate any of the power tools in the Workshop. In addition, members must not leave the building unattended and unlocked during any period of use.

Once a member completes the above mentioned agreement form they can have their card/FOB programmed to open the inner door to the workshop.

Approved at Board of Trustees Meeting dated: April 12, 2012

Richard Hilfer, President

Carol Wood, Secretary
